## Minister of Transport announces New Name for the New Crossing

The Highways Agency received more than 700 entries for the Name the Crossing competition and the Judging Panel met in December 2005 to choose the winning entry. Entries received included names based on naval and aviation themes and figures from the Islands history.

The most popular names suggested were variations incorporating the words Sheppey or Swale. The Judging Panel considered that there was strong local support for a name that would convey a sense of local identity, be unique and also mean something to the majority of local residents. It was felt that the name 'The Sheppey Crossing', suggested by Minister-on-Sea Mr Grimwade, satisfied these criteria best..

Dr Stephen Ladyman, Minister of Transport, said; "We are delighted with the response to the competition to name the bridge. The name reflects the local identity of this important project. The Sheppey Crossing is evidence of the Governments commitment to improve transport in the area and we look forward to its opening in

the summer". Work has progressed well during the early part of the winter and if the relatively mild weather continues, the new Sheppey Crossing will be open to traffic in the early summer.

Almost 10,000 tonnes of the British steel used to construct the new crossing is now in place. The steel work from Piers 1-7, 8-14 and 17 to the northern abutment was launched into place using a jacking mechanism to push the steel skeleton of the bridge deck into place from each end of the work site. The remaining sections of bridge deck (Piers 7-8 and Piers 15-17) were lifted into place during October and November.

Construction of the bridge deck has progressed quickly and placing the pre-cast concrete planks on top of the steelwork is complete. The in situ concrete slab now extends north from the southern abutment on the mainland as far as the northern shore of The Swale and south from the railway line towards Pier 15.

The new crossing will measure 21½metres in width, wide enough for two lanes of traffic in each direction. Construction of 2½metre reinforced concrete cantilevers on either side of the main deck, to provide the required width of the crossing, started in October and will continue into spring 2006.

Work to lay the low noise surface on top of the bridge deck will start in late spring..

Construction of the new road between the new crossing and Queenborough has advanced well and some sections of it are almost complete. Further low

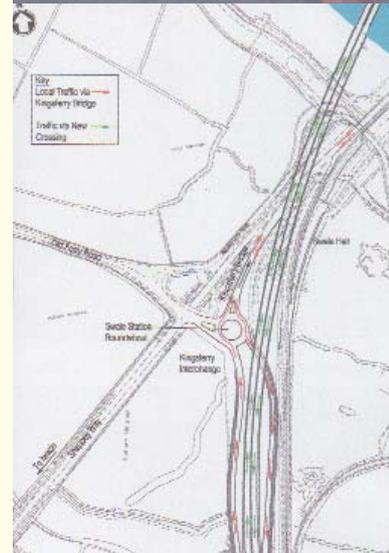

noise road surfacing works and the installation of street lighting and signage on the new road will be carried out during the early part of 2006

On completion of the construction of the Improvement Scheme, there will be two route on and off the Isle of Sheppey, via the Sheppey Crossing and dual carriageway or via the existing Kingsferry Bridge and local road.

Traffic between mainland Kent and the Isle of Sheppey will travel along the dual carriageway Iwade bypass straight over the new crossing and onto the Island. Access to the east and west sides of the Island will be possible from the new Cowstead Roundabout approximately 1½ miles north of the new crossing.

The Kingsferry Bridge will be retained for local traffic and will provide an alternative route to the new crossing on and off the Isle of Sheppey. Travelling onto the Island, a dedicated slip road leads off the dual carriage way to the Kingsferry Roundabout and along the existing single carriageway road over the Kingsferry Bridge onto Sheppey Way to the Cowstead Corner Roundabout. Leaving the Island, a dedicated slip road leads south from the Kingsferry Roundabout, under the new crossing before merging with the southbound dual carriageway of the Iwade Bypass.

A dedicated footpath and cycleway on this local route will be available for pedestrians and cyclists who, for safety reasons, will not be permitted to use the new high level crossing.

## What Dedication

After 35 years of service, Mrs Jeanne Stockley of School Lane has retired from the Parochial Church Council. During most of this time Jeanne has been responsible for lovingly ensuring there has been a beautiful display of fresh flowers in the Church, whether it was for Weddings, or just the daily flower display for the regular visitors of the church. Jeanne was so dedicated to her cause that she even arranged her own garden so that she could provide flowers all year round for the Church.

Jeanne who was born and raised as a local girl and dedicated her time to All Saints Church and over the years Jeanne has produced the most imaginative displays for the bi-annual Flower Festivals which has been enjoyed by many. Her experience and knowledge of the history of the church and

local area is second to none and will be missed by the residents of Iwade.

However, Jeanne can not leave the Church completely and has agreed to continue to participate in Church events and keep her hand in occasionally with the flowers. However Jeanne is now unable to commit fully to the church due to health and family commitments.

With such dedication that does not happen much today, everyone connected to All Saints Church wished to say a big thank you for all of Jeanne's energy, dedication and support over the years.

At the last Parochial Church Council meeting it was suggested that others might like to follow in Jeanne's shoes and maybe form a rota and take a turn in arranging the flowers at the Altar. If anyone wishes to take this task on please contact either Jeanne on 01795472635 or Sylvia O'Shea on 01795 478103

## Future Plans for Iwade Water Supply

For the future, Swale Water is considering a number of options for new supplies. These include both building new and raising existing reservoirs. Other options, such as desalination and effluent re-use are also possible in the future. However, major new resources take many years to design, promote and construct and the environmental impact and cost need to be taken into consideration.

Their first contingency plan is to extend the present drought order concerning Bewl Water. The Environment Agency has agreed a Drought Permit to help refill Bewl reservoir, which dropped to the lowest level ever seen as a result of the worst drought in nearly 100 years. Bewl Water is currently only 35 per cent full, when normally at this time of year it would be nearer to 90 per cent. They applied to the agency for emergency powers to help refill it - relaxing the conditions under which it is allowed to take water from the River Medway.

You have commented on

development and I would explain that Southern Water is involved in the planning process at two levels, long term planning for water resources and also with the every day planning process when we look at the needs of a specific development.

With regard to long term planning, you may be aware that future development proposals are set out in two main documents, the County Council Structure Plan and the District Local Plans. These plans set out development proposals, as approved by Government. Both Plans are subject to consultation, which takes place over two draft stages, and finally at an Inquiry in public. At the conclusion of this process, the Plans are adopted. Southern Water is a stakeholder in the consultation process and our involvement ensures that we have a sound, comprehensive up to date knowledge of planned development in the South East and at the same time we can also inform those responsible for the Development Plan process on water issues.

From this planning, Southern Water produces forecasts of future water demand that takes into account the development proposals within the Plans. They then produce water resource plans to show how we intend to

## Iwade School Keep Clear Marking Enforcement

The Council have made a traffic order that will allow enforcement action to be taken against drivers who park on yellow School Keep Clear markings. The purpose of the school keep clear marking is to create an area in front of the school accesses that increases the visibility of pedestrians and school children. The Councils parking attendants will undertake the enforcement and will issue fixed penalty notices to vehicles parked on the markings.

The traffic order will apply during the following times during school drop off and collection times:

8.30am to 9.30am Monday to Friday  
2.30pm and 5.00pm Monday to Friday

The restrictions will only apply during term times.

The restrictions have been implemented in this way to balance the needs of Iwade residents while making sure that the yellow School Keep Clear is observed during the school drop off and collection times. The markings will be enforceable once the signs indicating the restrictions have been erected on site. It is anticipated that the signs will be put in place during February and March 2006.

meet those future demands through a mix of demand management measures and new resource development. These water resource plans are produced to replicate the demands and supplies available in a design situation that is representative of design drought conditions. These plans are subject to approval by our economic regulator, OFWAT, and their environmental regulator, the Environment Agency.

Looking at demand in the shorter term, the planning application process is the process by which the local Planning Authority decides whether individual developments can proceed. This "everyday" process is under the control of the local Planning Authorities and Southern Water is not a statutory consultee. Nevertheless, as a water and sewerage undertaker, Southern Water is often consulted with regard to planning issues. While planning and building control decisions are not our responsibility, clearly there can be an impact on our services, and we would always want to comment on developments. They are able to ask that conditions be attached to the planning permission; for example, they can ask that a developer contact them to have capacity checks undertaken, or

that connection is made at a particular point.

As regards businesses, public transport vehicles are excluded from the hosepipe ban. Public service vehicles are those capable of carrying more than eight persons at separate fares. Taxis or driving instructors' vehicles are not public service vehicles. Goods vehicles such as vans are also exempt, although company estate cars are not. The restrictions also apply to garage forecourts, except when a hosepipe is used to remove the wax off brand new cars.

The present restrictions do not apply to parks, recreation areas, swimming pools, fishponds, public buildings, construction businesses and private patios or drives.

As a company, they are willing to write to or visit customers reported as not complying with the hosepipe ban. Should you wish to notify them of the address of particular customers by e-mail, they will be happy to do so. I can assure you that any details forwarded to them will be treated as confidential.

# Kent Community Warden

Hello from your  
Iwade Community  
Warden, Gerry Cox

Hello, and thank you for accepting me into your community. As a former maintenance manager for the aerospace industry I have touched down in Iwade as the village's new Kent County Council Community Warden.

Let me tell you a little bit about myself, I am born and bred in nearby Hartlip, and became a grandfather last year, I previously worked as an aerospace engineer with leading firms across the county.

After six weeks of training, I am now walking the streets of Iwade to get to know the area, and find out what challenges will be facing me in this post. If you do see me walking around please stop and say hello and introduce yourself. I am part of a county wide team of 90 Community Wardens and 10 Rural Police Community Supports Officers to help prevent crime by encouraging the building of strong communities and discouraging anti-social

behaviour.

I am hoping that helping the running of a village is a lot like running a factory. Solving all the small problems is the key to larger success and I look forward to working with everyone here to make Iwade an even better place to live.

I have always enjoyed meeting new people, and hopefully my interpersonal skills will be a big help when supporting this wonderful village that's seems to be growing by the day.

One of my roles is patrolling the area on foot to provide a highly visible local presence, gathering intelligence and promoting community safety. I can also recommend community projects in their area for Kent County Council grants, which must be match-funded by other agencies and have obtained a grant of £500 to go towards the Youth Club minibus. If you have any projects which you think I can help you with then please let me or Sarah George, Parish Clerk know

If you need me to visit you for a chat or help/assistance I can be contacted on 07773397138.

are offering lunch and evening sittings. So book early if you want to treat mum to a nice relaxing day. The Woolpack will be decorated up to support this special occasion.

Carl and Jemma are organising a big ST GEORGES DAY celebration for the weekend of 22nd and 23rd April. Carl will be providing traditional English food and the staff will be dressed up

# Iwade Resident being victimised.

Unfortunately life in Iwade village for one resident in The Street is not so sweet and rosy. It has been brought to the

attention of the Iwade Village News that a resident in Iwade is currently experiencing youth problems within the village, and when this resident has contacted the police for assistance no support is being received.

Local Youths are congregating in the mornings to catch the bus to School from the Sandling Way bus stop, and instead of just waiting they are throwing stones, and causing criminal damage to this resident's vehicles and property.

Since 2004 the youths have caused over £3,000 worth of damage, which this residents has had to pay, as his insurance company will no longer pay out for the damage to his vehicles. During 2005 the damage increased and on a regular basis experiences

damage to his windscreens, windows, roof and guttering. This residents has also been subject verbal abused by the youths

The Parish Council have been made aware of this problem and are becoming aware of a growing number of people within the village who deplore the apparent lack of response from the Police and the deterioration of protection afforded to greater community from a small but menacing group of malcontents.

The Parish Council have contacted the local secondary schools and advised them that the Parish Council will not tolerate such behaviour in this village. Also Sergeant Darren Ryder of Swale Police has also been informed, and police surveillance will be enforced. The new Community Warden

has also been deployed to monitor and observe these areas.

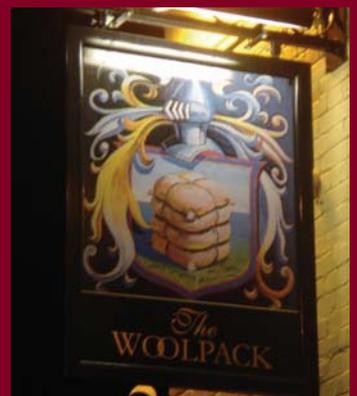

Once again the Parish Council, the team at the Iwade Village News and the residents of Iwade would like to see the positive side of our local youths not the negative portrayed by the minority who vandalise and destroy the village

# Woolpack Celebrations

With Mothers Day fast approaching, Carl and Jemma have got organised and are able to offer a set menu to all deserving mothers with a little gift being provided for Mother Sunday on 26th March. They

to make this prestigious occasion. There will be gifts to be won and given away and Families are more than welcome to join in the festivities.

To make bookings for meals telephone Jemma on 01795 472656

# Iwade Cubs Beavers

The last few weeks seem to have flown by and we have managed to cram a lot into a few short weeks before the Spring Break which has now been and gone.

Our trip to Sittingbourne Police station was extremely well supported and all the children had a great evening finding out about how our local policemen and ladies patrol our streets and protect us. We found out about the safety equipment they wear and the different ways they can protect themselves, some of us even got hand cuffed which was a little un-nerving!! All the children got to explore a police vehicle which was great fun especially when the siren was put on. We could do with one of those at Cubs and Beavers on a Monday night to get the children's attention!!

Unfortunately we could not get to view the cells as they were full! And there was no time for finger printing but the Sittingbourne police very kindly volunteered to visit us at the village hall the week after to carry out the finger printing which was much appreciated and enjoyed by both the Beavers and Cubs so a big thank you to everyone involved.

On our Chinese night we all made Chinese lanterns and discovered our Chinese star signs which the Cubs were particularly interested in. We unfortunately didn't try cooking any food as Christine our in-house cooking expert couldn't be with us that week and they

certainly would not let me loose in the kitchen!

We have already started the new term with lots of activities including a Native American Evening for the Cubs which saw some very interesting war cries and tribal dancing especially from the Leaders and a Parachute evening for the Beavers which involved making toy parachutes and miming jumping out of an aeroplane which everyone seemed to enjoy as we did it three times.

Pancake evening was as usual very popular and the pancake racing saw some very inventive ways of tossing pancakes as well as some extremely messy toppings yuk!

Over the next few weeks we are celebrating the commonwealth as well as our own birthdays which will be 3 years for Cubs and 4 years for Beavers and Mums will not be forgotten on Mothers day.

That's about it for now but watch this space for news of our next quiz night and notification of our annual AGM where hopefully the Cubs and Beavers will be entertaining their parents.

Last but not least good luck to all the Cubs at the annual Swimming Gala we will let you know how we get on in the next update.

Don't forget that if you would like to put your child on our waiting list or feel that you have a special skill that you might to share with the children then please call Christine Ivory on 01795 599225

## Iwade WI

Iwade WI has a varied programme with speakers and outings throughout the year. At the March meeting there was a talk about the Power of Positive Thinking for all those pessimists among us!

In complete contrast, we have a speaker from the Donkey

Sanctuary coming to our meeting on 19 April. This has been highly recommended from other WI's and we are all looking forward to the talk.

At this meeting there is also a competition among members - for the best picture of a pet. Bet there won't be any donkeys!

If you would like to join us for this evening to get a taster of what the WI is like you would be very welcome. Members normally meet at 7.30 but on this occasion we will be starting a little earlier at 7.15.

If you would like any more information about the WI just telephone Hilary, the secretary, on 01795 474686.

## Body Care

WE ARE STILL - DEFINITELY COMING TO IWADE VILLAGE SOON.

Sorry for the delay of our opening. This has been due to the developers not finalising the construction thus not enabling us to start and

complete the shop fit. We have been assured things should happen very soon and in the next edition of your Village News we are confident that we shall announce the date of our opening day/evening.

Should you have any questions, would like to make and advanced appointment for treatments or need further

## Iwade Youth Club

Hello, every parent has the right to know their children are not being sold products which are age restricted.

The sale of alcohol to children under the age of 18 is illegal. The control of alcohol to under age children is an attempt to prevent early addiction to this, and other harmful substances which they may be tempted to try while under the influence. As well as causing long-term damage to health, it is commonly accepted that young people who are supplied with alcohol have the potential to become involved with ANTI SOCIAL BEHAVIOUR. Apart from criminal damage, some of this behaviour can also result

in serious injury or even death

Most on and off licensed premises do not sell alcohol to under 18's, but those who do are unsafe... and taking an advantage over those traders who do trade fairly.

If you know of people or premises that sell alcohol to children under 18, please let us know or by calling consumer Direct on 08454 040506

On a more pleasant note, Iwade Youth Club meets every Tuesday (except the second Tuesday in the month) in the Village Hall from 7.00pm to 9pm. Youth Club is open to all residents aged between 11 to 16 years of age. We are planning many trips this year, one being the ski slop, all free of charge and great fun.

Hope to see you soon

[www.Iwadevillage.co.uk...](http://www.Iwadevillage.co.uk...)

Well the year's ticking on and iwadevillage.co.uk is going from strength to strength thanks to its visitors. We're in close communication with many initiatives going on in the village from the Iwade Dads who are really putting their backs into raising thousands for the school (have you downloaded your pledge form?) to Scott Anderson our resident chef who recently ran a second cookery workshop in the Village Hall. We've been to the school to interview Mrs Ware and hope to have published a comprehensive article by the time you read this. The signs are excellent and she hopes to turn the school round in 2 years so good news for everyone. The

Hérons are nearing the end of the season and next year will be able to update their own results so the technology is on the up! In conjunction with Janet Gregory the KM Correspondent we're hoping to enter the Kent Village of the Year competition for categories Building Community Life and Information Technology so watch out Kent, Iwade is here! If you're not already a regular visitor why not add iwadevillage.co.uk to your favourites and visit us soon, you never know what you might find! Call Nicola on 01795 439892 if you want to advertise your business or email Nicola@iwadevillage.co.uk

## Happy Days

Great news for Happy Days (again)!

On the day that we opened our new pre-school room, Ofsted made an unannounced visit for a full Education and Care inspection.

We had not met this Ofsted inspector previously, and she spent two days with us and was very impressed with the facilities on offer, particularly our baby unit, new pre-school room and lovely garden.

We were awarded an overall GOOD for both the Education and Care of the children. There are 14 National Standards that Ofsted judge your nursery on, and I am pleased to announce Happy Days was awarded eight 'OUTSTANDING'. This is an exceptional result for a full day care nursery, which covers the care and education of babies from six weeks through to children of 4+. This puts Happy Days in the top percentage of the country for full day care.

Further details of this achievement will be published next month.

Owners Sue and Collette want to thank their staff, which played an enormous part in this achievement, along with the continued support of all the parents.

We have also received confirmation from Ofsted that we can now cater for 66 children at any one time. A few afternoon places are available. Anyone who would like their child to attend Happy Days from September would be advised to register now.

Colours is the current topic and the babies are enjoying learning about the basic primary colours, graduating through the nursery to Red Room, who are learning about the rainbow, how to mix colours and identify things around us associated with colour.

For more information about the nursery, please contact Sue on 01795 424348

exercise you will have to do is during the ever popular song time, where we all sing proudly out of key.

# All Saints Church

4givr sins lyk we 4givr uvaz

On Good Friday - this year 14th April - we recall that Jesus Christ died. And on Easter Sunday - 16th April - we celebrate a glorious new beginning. The manner of Jesus' unjust accusation, his trial and his death continue to be seen in the unjust accusations, trials and killings which so damage the peace of the world in which we live. So what did he achieve by his death? How can we rejoice in a new beginning?

As Jesus died he prayed: 'Father, forgive them; for they do not know what they are doing'. Even in the deepest distress Jesus offered forgiveness for the wrongs done to him. And as a result of that forgiveness we each have the opportunity, day by day, to make a new beginning. At Easter we celebrate the greatest of New Beginnings. We celebrate that Christ is risen and lives among us, through us and in us. We give thanks that through our lives, and how we live them, we can make a difference and bring

forgiveness and new beginnings to others.

All that is summed up in a prayer which Jesus suggested we say regularly:

dad@hvn,

ur spshl.

we want wot u want

& urth 2b like hvn.

give us food & 4givr sins

lyk we 4givr uvaz.

don't test us!

save us!

bcos we kno ur boss,

ur tuf & ur cool 4 eva!

ok?

If you need a translation - find a ten year-old. Or look it up - Matthew Chapter 6, verses 9-13 or Luke Chapter 11, verses 2 - 4 would be good starting points. And, of course you would be welcome to join us at any of the services in our churches, village halls and in the open air as we travel through Lent towards Easter and beyond.

Hpy Estr, evry1.

Bill and the clergy team at Hartlip, Iwade, Lower Halstow, Newington, Stockbury and Upchurch.

## Message from Your Churchwardens

We have a couple of rather important announcements this month. Firstly, as from MAY 7th, the times of the services on 1st, 2nd, 3rd and 5th Sunday are changing to 11am. Family service (on 4th Sunday) has been retained at 10.30am. Secondly the Annual meeting of members of the Church known as the A.P.C.M is being held in Church on Wednesday 26th April, 7.30pm for 8pm meeting. We usually have a short communion service at 7.30pm in preparation. Meeting is open to all parishioners but only members of the Electoral Roll are permitted to vote for officers and on any motions.

Thirdly, on Saturday June 3rd there will be a Summer Fair in the Village Hall from 2pm to 4pm. If you have a special talent or interest you would like to share, tables will be available at £5 to hire. Please contact Sylvia on 01795 478103 if interested. There will be craft, bric-a-brac, books, raffle, refreshments, cakes and home made bread etc. With your help it will be a great

success. Do put the date in your diary and come along to support it.

If you find the 4th Sunday is not always convenient to come to the Family Service, do please come along to the 2nd Sunday to the Family Communion. This is a short light service with a shortened communion service in which everyone is invited to the altar to participated (if baptized) or for blessing if not. Come and try it. You'll be pleasantly surprised.

Other dates to remember. March 26th is Mother Sunday Service at 10.30am. The children will ensure that EVERY lady has a little posy to take home. Good Friday 'walk of witness' from Village Hall at 10.15am and service in church at 10.30 with hot drinks and buns after. PLUS don't forget that the church is open every 2nd Saturday of month from 10am to 2pm to have a look around with a hot drink. Usually there are cakes for sale too. Then on 4th Wednesday of the month the Good News Van visit with books, cd's, videos for all (including children) for a free loan. Plus a cup of tea or coffee to chat over. Again the invitation is to please just pop into the church and try it.

# Services and Events at Iwade Church

March 22nd	Visit of Good News Van in Church and Coffee Morning	10.30 to 12pm
March 26th	Service for Mother Sunday	10.30am
April 2nd	Communion Service	10.30am
April 8th	Church open for visitors	10 - 2pm
April 9th	Family Communion	10.30am
April 14th	Walk of Witness from Village Hall For Good Friday Service With hot drinks and hot cross buns	10.15am 10.30am
April 16th	Easter Communion	10.30am
April 23rd	Communion Service	10.30am
April 26th	Annual Parochial Church Meeting	7.30 for 8pm
April 26th	Visit of Good News Van in Church	10.30 to 12pm
April 30th	Morning Prayer	10.30am
May 7th	Communion Service	11.00am

PLEASE NOTE THAT MORNING PRAYER IS SAID IN CHURCH ON WEDNESDAYS AT 10AM AND EVENING PRAYER ON THURSDAYS AT 5.30PM
